

RHODE ISLAND PRAMS

Every woman is different.
Every pregnancy is different.
If you recently had a baby,
you may receive a survey
regarding your experiences
before, during, and after
pregnancy. Please share
your story if you are
contacted to participate!

Your answers are
confidential and will
help us improve the
health of all mothers and
babies in Rhode Island.

For more information
call the Rhode Island
Department of Health
information line at
401-222-5960 or scan
the QR code above
